Miss Hampson

Mrs Hutchinson

Miss Lawson

**Welcome to the Whalley Range PE department!** We have some excellent facilities where you will be based for your PE lessons. Some of the facilities are brand new, like the Astro Turf pitches, and some have been around for a few decades!

You will see we have a large **Stadium**. The stadium is used for various indoor Physical Education activities including Basketball, Netball and Badminton. The space is also used for events such as Sports Presentation Evening, Graduations and end of year celebrations. The **field** is pictured on the right and used for sports such as rounders and athletics.

We also have a **PE office**. This is often the best place to find your PE teacher at break time, lunch time, or after-school if you are stuck on your homework or have a question about your lessons.

Above, you will see the **Gymnasium**. Here you will get a chance to try out some Gymnastics and Trampolining! There will be a variety of extra-curricular clubs that you will be able to get involved in, many of which take place here in the gym. The **Dance Studio** can be seen in the picture below.

Our **Astro Turf** pitches above have recently been upgraded. To the right you will see our **Sports Hall**. Here you will be able to use treadmills and bikes!
