

Results 2020 Information

We hope you are happy with your grades and they allow you to move on to the next step in your education. You probably have some questions about your results so please see below.

How were my grades decided?

School submitted centre assessed grades that were what your teacher thought you would have achieved had you sat the exam. They also submitted a rank order of students for each subject. Teachers used information such as coursework, PPE's, assessments, general records and performance throughout the course to decide your grade and rank.

Can I appeal my grade(s)?

A student **can** ask their centre to appeal to an awarding body if there is **evidence** that leads a candidate to believe:

- the centre made a clerical **error** when submitting their centre assessed grade/rank data
- the awarding body made an **error** calculating/assigning or communicating their grade

A student **cannot**:

- appeal against their centre assessed grade or rank
- appeal against the school's process in calculating their centre assessed grade/rank
- appeal directly to any awarding body

If you wish to appeal or are concerned about bias, discrimination or any other factor that suggests the centre did not behave with care or integrity when determining your centre assessed grade/rank order please contact GCSEresults@wrhs1118.co.uk for an appointment week beginning 24th August with a member of the senior leadership team. Board appeal deadline is 17th Sept.

Can I take my exams another time?

All GCSE and A level Exams (not BTEC or CNAT) are being offered in a one off 'Autumn Series' in Oct 2020 for A level and in Nov 2020 for GCSE.

If you wish to enter yourself for any Autumn exams you **MUST** do the following by the deadlines:

1. Email Mrs Bain cbain@wrhs1118.co.uk confirming your name, your exam candidate number and the subject(s) you want to sit. These **MUST** be subjects you would have sat in Summer 2020.
